Group - A

- 15. If the Himalayas would have not been in its present position how would be the climatic conditions of the Indian Sub Continent?
- 16. How human activities contribute to Global warming?
- 17. Medical research shows that given similar circumstances, girl children survive much better than boys. Hence if there was no discrimination, the number of girls should be higher or as much as boys. From the census survey, we get another indicator. In India, 103 female babies are born against 100 male babies. However, more female babies die than male babies. The census shows that in the age group 0-5, the number of girls who survive is much lower than boys. This can only happen if there is some discrimination in their care and nutrition because otherwise the physical chance of survival is better for girls.
- Q) Read the above paragraph and write your own opinion.
- 18. Current laws on ground water use are inappropriate because the basic link between access to groundwater and land ownership on which these rules are based are flawed. Since groundwater has to be extracted from the land above, a link was established between land ownership and control. The water drawn from the underground system was assumed to be 'owned' by the landowner. This implies that groundwater is mostly controlled by individuals that own the land. Land owners were not restricted in the amount of water they can take out.`
- Q) Suggest some appropriate instructions in the law for the better consumption of ground water.

Group - B

19. What is the percapita income of Himachal Pradesh? Do you think higher incomes can make it easier for parents to send children to school? Discuss. Why was it necessary for government to run schools in Himachal Pradesh.

| Industry | 11% | 20% | 22% | 26% | |
| Services | 15% | 25% | 35% | C7º/0 | |

- 21. 'Most children of migrant families become drop outs.' Do you agree with this statement? Justify your answer.
- 22. Over the years, although there has been increase in production of other food items, it is not sufficient to meet the minimum dietary requirements. Nutritionists suggest that every person in India should eat 300 grams of vegetables and 100 grams of fruits in a day whereas per person availability of these food materials is 180 and 58 grams respectively. Similarly per person requirement of eggs is 180 whereas the availability of eggs is 30. The meat dietary requirements are 11 kilograms per year whereas the per person availability is only 3.2 kilograms. We require 300 millilitres of milk whereas the per person availability is 210 millilitres a day.

DISTRICT COMMON EXAMINATION BOARD PRE-PUBLIC EXAMINATIONS - 2014 - 2015

SOCIAL STUDIES - Paper - II

(History & Political Life) (English Medium) PART - A

Class: X]

(Max. Marks : 35)

[Time: 2 Hrs.

SECTION - I (Marks: 10)

Note: Answer any FIVE of the following questions, choosing atleast two from each group A & B.

Group - A

- 1. Observe the adjacent time line and answer the following questions.
 - i) What is the main reason for the outbreak of World War II?
 - ii) Which country did Hitler belong to?
 - iii) Who were killed in Auschwitz camps?
 - iv) When did World War II end?
- 2. Observe the adjacent map and answer the following questions.
 - i) Which neighbouring country of India was occupied by Japan?
 - ii) What is Dutch East India called now?
 - iii) Most of the area under control of Japan is a part of which ocean?
 - iv) Was India under control of Japan?

3. The British were desperate with the Indian people revolting against their rule. They looked for ways to punish the Congress and weaken its hold over the people. The British actively raised doubts about the right of the Congress to represent the people of the country. Now, they followed the 'Divide and Rule Policy' more vigorously.

Towards this end, the British government supported and encouraged the plans of the Muslim League and downplayed the importance of the Congress. It is in these years that the Muslim League and its leaders like M A Jinnah became more active in mass politics.

- Q) Read the above paragraph and comment on the British policy "Divide and Rule".
- 4. Make a table to show relation between India and neighbouring countries i.e., China and Pakistan with the following items: issues of conflict, events of war, events of help and co-operation.

Group - B

- 5. Write four saliant features in Indian Federal system.
- 6. Read the below paragraph and comment.

In Andhra Pradesh, the frequent change of Chief Ministers by the central Congress leadership and the imposition of leaders from above created a bad taste. There was a feeling that the Andhra Pradesh leadership was not getting respect from the national Congress leadership. This was perceived as an insult to the pride of the Telugu people. N T Rama Rao (NTR), popular film actor, chose to take up this cause. He began the Telugu Desam Party (TDP) on his 60th birthday in 1982. He said that the TDP stood for the honour and self respect of the Telugu speaking people (*Teluguvari atma gauravam*). He argued that the State could not be treated as a lower office of the Congress party. Equally important were his promise of some very important welfare measures for the poor including midday meal scheme in government schools, sale of rice at Rs 2 per Kg to the poor and liquor prohibition. These populist measures helped the TDP sweep the 1982 elections.

7. How do you think RTI would help in improving and monitoring the work of the governments.

- 8. Observe the following bar graph and answer the following questions.
 - i) In which year highest number of amendments were done?
 - ii) What is constitutional amendment?
 - iii) How many amendments were done till 2013.
 - iv) How many times the constitution amended in between the years 1951 60.

Group - A

- 15. Do you find the presence of aggressive nationalism, imperialism, power blocks and militarism around us today too ? Give examples and discuss.
- 16. Compare the national movement in India and Nigeria. Can you explain why it was stronger in India?

- 17. Appreciate the role of Subhash Chandra Bose in Indian freedom movement.
- 18. What are the different roles done by UNO in order to build peace in the world?

Group - B

- 19. The Constitution thus has many provisions facilitating social change. You have read about abolition of Untouchability. The best example of this is the provision for reservations for Scheduled Castes and Scheduled Tribes in the Constitution. The makers of the Constitution believed that the mere granting of the right to equality was not enough to overcome age-old injustices suffered by these groups or to give real meaning to their right to vote. Special Constitutional measures were required to advance their interests. Therefore the Constitution makers provided a number of special measures to protect the interests of Scheduled Castes and Scheduled Tribes such as the reservation of seats in legislatures. The Constitution also made it possible for the government to reserve public sector jobs for these groups.
- Q) Read the above paragraph and comment about the measures taken by Indian constitution for social change.
- 20. How are rights of black people in USA and Meira Paibi movements similar or different?
- 21. In the early half of India after independence there was importance given to planned development. In the later part emphasis was given to liberalisation. Discuss and find out how does it reflect political ideals?
- 22. Results of General Elections 2014. Analyse the pie diagram and answer the following questions.
 - i) Which party formed government?
 - ii) What are the total number of Lok Sabha seats?
 - iii) BJP means?
 - iv) What is the criterion for forming government?
