Extramurals

The Physical Education Teacher should observe and select the best players during the intramurals and make them eligible to participate in the extra-mural competitions.

Coaching

The Physical Education Teacher should conduct the Coaching Camps periodically for various games and sports.

Classification

Classification in Physical Education is the division of pupils of different age, size, stature and skill into homogeneous groups.

I-Index:

$$1\frac{1}{2}\text{height (inches) + Weight (in lbs)}$$

On the basis of this formula the following indices have been adopted in the schools of Madras State.

Group	Index
1. Seniors	- 200 and above
2. Intermediates	- 180 and below 200
3. Juniors	- 60 and below 180
4. Sub-Juniors	- below 160

II-Index:

Age + Height + 1/10 Weight

(Age in years, height in inches & weight in lbs)

Group Index

1. Seniors	- 85 and above
2. Intermediates	- 80 to 85
3. Juniors	- 75 to 80
4. Sub-Juniors	- 70 to 75
5. Lower Class	- 65 to 70
6. Bottom Class	- 65 and below

In considering the age of a pupil for the index, the years and the completed month should be taken into account. Example

Age = 14 years and 2 months -14.17 (in years)

Height = 5 feet & 1 inch- 61.00 (in inches)

Weight ■ 85 lbs - 8.50 (1/10 wt inlbs)83.67

INDEX

Classification for Girls

Index I = $(4 \text{ Age} + \text{Height} + \text{Weight}) / 3$

Index II = $20 \text{ Age} + 6 \text{ Height} + \text{Weight}$

(Age in completed years, Height in inches and weight in pounds)
